## LAW AND RISK MANAGEMENT

In today's complex business environment, it is becoming increasingly important for property managers to know how to address legal and risk management issues. This course will provide a foundation in the basic principles of law and risk management, helping you deal with everyday legal and risk issues.

The new application-based microlessons provide a guided tutorial for the correct process of creating a deed and the legal aspects of enforcing it, tools and strategies to ensure your lease agreements are fully compliant - minimizing risks and maximizing returns, and an understanding of how to manage insurance coverage strategically, ensuring optimal protection while avoiding over-insurance pitfalls.
