Greater Las Vegas Association of REALTORS® and its Commercial Alliance Las Vegas Select RealNex MP Exchange to host Regional Commercial Listing Platform

LAS VEGAS – RealNex, a commercial real estate technology company, announced today it has been selected to provide its MP Exchange Commercial Property Listing System service to the Greater Las Vegas Association of REALTORS® (GLVAR) and its Commercial Alliance Las Vegas (CALV). The new services, hosted on the CALV website at www.calv.co, will showcase the commercial real estate listings of CALV members.

The RealNex MarketPlace is a global solution to list, search and market commercial property. The site includes over 250,000 availabilities and a similar number of active browsers in its community. The cloud-based service assists agents to gain rapid and broad geographic exposure for their listings, while investors and tenants can fine-tune searches to research markets and opportunities. Members will also be able to take advantage of many advanced features including Watch Lists to assure their clients have real time access to potential investments and new operating facilities.

“We are delighted to be working with CALV and its membership to provide this valuable service. RealNex has been a market leader and trusted partner in the Las Vegas community for years. By partnering with CALV we can now provide even greater value to the regional commercial real estate sector,” noted RealNex CEO Jeffrey Finn.

With RealNex MP Exchange, CALV members will have a centralized portal to list all of their properties for sale or lease, as well as to share their “comps” – comparable completed sales and leases. They will also have special pricing to access the full power of RealNex, which enables them to run eMarketing campaigns to prospective clients, host private and secure deal rooms, monitor performance dashboards and tap into detailed financial analytics and CRM integrations to enhance overall client service and reporting.

Wendy DiVecchio, CEO of GLVAR, added, “RealNex has already been widely adopted, and we believe it best meets the needs of our membership. Not only do they provide a dynamic marketplace to improve transactional efficiency, they also provide a host of additional tools that are now available to our members, further enhancing the value of CALV.”

About CALV

The Commercial Alliance Las Vegas is one of the largest organizations in Southern Nevada for the commercial real estate industry. It is devoted to uniting, organizing and empowering the industry, largely through education, information and through shaping public policy. CALV is the commercial real estate division of the Greater Las Vegas

Association of REALTORS® (GLVAR), though membership in CALV is open to REALTORS® and non-REALTORS® alike.

About RealNex

RealNex is a leading commercial real estate technology solutions company. It strives to become the portal and marketplace for the commercial real estate industry by integrating sector-based solutions to improve marketplace efficiency, transparency and liquidity. Its singular solution is designed to improve user success by increasing accuracy, professionalism and productivity.
